COREQUISITES: NRSG 112 Maternal-Child Nursing

SCHOOL: Health Sciences

PROGRAM: Nursing

CREDIT HOURS: 2

CONTACT HOURS: Clinical: 6

DATE OF LAST REVISION: Spring, 2006

EFFECTIVE DATE OF THIS REVISION: Fall, 2008

CATALOG DESCRIPTION: Allows the opportunity to apply theoretical knowledge to provide ethical, culturally competent, and holistic care for children and childbearing families. Emphasis is placed on the prevention of illness and the maintenance, promotion, and restoration of health as well as the support of death with dignity and implementation of the ordered plan of treatment. Knowledge of principles of growth and development are utilized to adapt therapeutic communication, therapeutic intervention, and teaching-learning techniques to provide nursing care to children and childrearing families. The nursing process provides the framework for problem solving and critical thinking in providing nursing care.

MAJOR COURSE LEARNING OBJECTIVES: Upon successful completion of this course the student will be expected to:

1. Utilize the nursing process to provide ethical, culturally competent and holistic care for childbearing and childrearing families.
2. Utilize safe appropriate techniques to perform nursing procedures in patient care.
3. Apply principles of teaching-learning to patient care.
4. Demonstrate appropriate communication techniques to interact with patients, their significant others, and members of the health care team.
5. Demonstrate proficiency in dosage calculations and medication administration.
6. Demonstrate responsibility and accountability to function in accordance with the scope of practice.

COURSE CONTENT: Topical areas of study include –

Integration of philosophical concepts related to individuals, environment, nursing, health, and nursing education

Practical application of the content presented in NRSG 112

Care of pediatric, maternal, and newborn patients

Continued application of nursing content presented in previous semesters

Application of:

The nursing process  
Teaching-learning concepts  
Therapeutic communication  
Dosage calculation

#### ACADEMIC HONESTY STATEMENT:

The College is committed to academic integrity in all its practices. The faculty value intellectual integrity and a high standard of academic conduct. Activities that violate academic integrity undermine the quality and diminish the value of educational achievement.

Cheating on papers, tests, or other academic works is a violation of College rules. No student shall engage in behavior that, in the judgment of the instructor of the class, may be construed as cheating. This may include, but is not limited to, plagiarism or other forms of academic dishonesty such as the acquisition without permission of tests or other academic materials and/or distribution of these materials and other academic work. This includes students who aid and abet as well as those who attempt such behavior.

#### COPYRIGHT STATEMENT:

Students shall adhere to the laws governing the use of copyrighted materials. They must insure that their activities comply with fair use and in no way infringe on the copyright or other proprietary rights of others and that the materials used and developed at Ivy Tech Community College contain nothing unlawful, unethical, or libelous and do not constitute any violation of any right of privacy.

#### ADA STATEMENT:

Ivy Tech Community College seeks to provide reasonable accommodations for qualified individuals with documented disabilities. If you need an accommodation because of a documented disability, please contact the Office of Disability Support Services.

If you will require assistance during an emergency evacuation, notify your instructor immediately. Look for evacuation procedures posted in your classroom.
